

JalaSai 90-Day Simple Task Plan

Use this daily. Keep only two growth experiments active. Protect service quality first.

TODAY'S TOP 3

1. Revenue action
2. Trust/review action
3. Operations clarity action

DAILY CHECKLIST

- EV job photos + voice note done
- Quote explained before work
- Lead/customer follow-up done
- Review requested after successful job
- Revenue, expense, and collection noted
- Buffer used? If yes, write why

DAILY NUMBERS

Total revenue

New EV jobs

New leads/source

Plans sold

Energy A/B

OVERWHELM RULE

If buffer is used 3 days in a row: pause new outreach for 2 working days.

If both people feel overloaded: cut marketing first, not service quality.

Weekly Review + Decision Gates

Review every Sunday. Keep it honest and short.

FIVE WEEKLY NUMBERS

Total weekly revenue

New EV jobs

New leads by source

Plans sold

Energy score for both managers

30 / 60 / 90 DAY GATES

Day 30 - 25 May

10 reviews, 5 WhatsApp visits, 5 plans, spend $\leq$ Rs 5,000, energy $\geq$ 7/10

Day 60 - 24 June

Rs 75k-1L new revenue, 8-10 plan holders, conversion $>$ 20%, energy $\geq$ 7/10

Day 90 - 24 July

Rs 5-6L run rate, 15+ plan holders, 20 reviews, 15 new customers/month

DO NOT DO YET

No software changes

No customer app

No second branch

No hiring

No daily fleet chasing

No discount before 20 real objections

Simple rule: revenue, trust, reviews, repeat customers, or operational clarity. Everything else waits.
